RANKED IN THE TOP 10 UK UNIVERSITIES, 2025

(THE HIGHER EDUCATION RANKINGS 2025)

A range of teaching methods help you develop your skills, knowledge and experience.

OUR PROGRAMMES

Glasgow College, UESTC and Glasgow College Hainan, UESTC provide students with a fantastic opportunity to be taught by two world-class universities and to graduate with dual degrees. Different study options are made available in and across campuses. Students can adjust their undergraduate environment to reflect the academic and social opportunities they desire.

You can choose to complete all four years of your degree at your home campus, being taught entirely in China by UofG and UESTC subject experts. Alternatively, you can take the opportunity to travel overseas and study at James Watt School of Engineering (UofG campus) from your third year onwards, opening up new networking opportunities and experiences.

Studying in Glasgow provides the opportunity to pursue your Final Year Project (FYP) supervised by world-renowned engineers, while gaining international experience within a dynamic community bursting with ideas, creativity and potential. Previous 2+2 and 3+1

students have gone on to work in industry and to complete Masters degrees and PhD degrees at prestigious universities in China and overseas.

2+2 and 3+1 Programmes

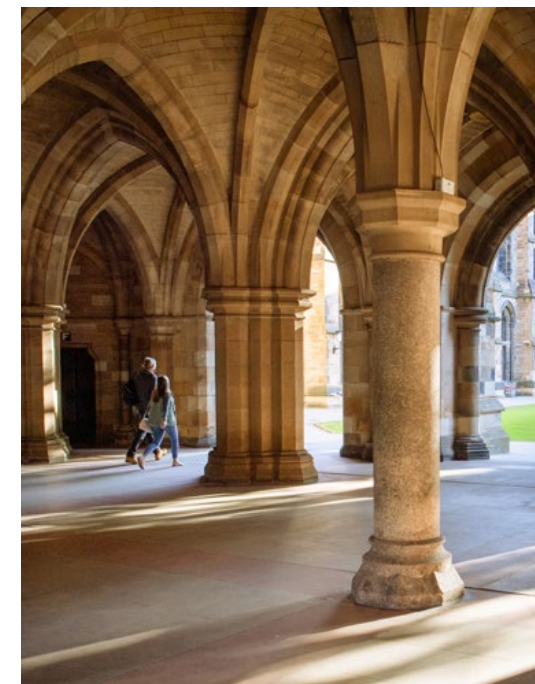

The 2+2 and 3+1 programmes offer flexible study options, with the 2+2 allowing you to complete years 3 and 4 at UofG's James Watt School of Engineering in Glasgow, and the 3+1 enabling you to finish your degree's final year in Scotland. Both options provide a unique academic experience across two countries and immersion in Scottish culture.

Your Learning Environment

You will be taught by dedicated, passionate academics, in flexible and innovative learning environments with access to state-of-the-art buildings, facilities, and resources. You can access guidance and support from your adviser of studies, class and student representatives, and multiple specialist support teams including IT support and an on campus GP.

Develop a new perspective on your studies.

UofG's iconic Cloisters have appeared in many films and TV shows.

Our James McCune Smith Learning Hub at the heart of the main campus.

Transforming Your Teaching and Learning

We're creating a campus to inspire the next generation of world changers. A 14-acre site beside our main campus is being developed with a planned total investment of £1 billion.

The James McCune Smith Learning Hub is an inspirational and diverse learning space, allowing students access to advanced and useful learning spaces.

The £90m building includes flexible learning spaces and technology-enabled teaching resources. As well as increasing our teaching capacity, this modern study space offers flexible spaces for clubs and societies, conferences and events, becoming the student-focused heart of the campus.

- Round-the-clock access
- Capacity for 2,500 students
- 500-seat lecture theatre
- Interactive teaching spaces
- Cafe

See glasgow.ac.uk/explore

SUPPORT ALONG THE WAY

Contact with Experts

To help you develop the ability to direct your own learning, you may experience a range of types of teaching contact:

- Large sessions led by lecturers provide a foundation for knowledge
- Small-group tutorials with students and a tutor offer in-depth analysis
- Larger-group seminars allow intensive discussions and student presentations
- Hands-on practical or laboratory sessions develop subject-related skills

Maximise Your Academic Abilities

We have advisers to help you develop your academic skills throughout your University career. We provide:

- Classes and one-to-one consultations for all students
- College specific guidance e.g. on essay and dissertation writing, exam preparation, and research
- Dedicated International Writing Support
- Advisers for undergraduate and taught postgraduate students
- Specialised guidance for Mathematics and Statistics programmes.

See 'Student Learning Development' at myglasgow/sld

Adviser of Studies

All students are allocated an Adviser of Studies (AoS) during their first week of University who will provide support, information and impartial advice to students in relation to curriculum choice, academic progress. They will also provide support for any challenges. If you're dealing with anything that could affect your studies, such as academic struggles or personal/medical problems (even those of close family members)—it's important to keep your AoS informed. Anything you tell your AoS will be in complete confidence, and if necessary may refer you to the Student Support Officer or one of the many student advice and counselling services available in the University.

Advisers of Studies offer:

- face-to-face meetings at least twice a year and are available for additional contact
- support and impartial advice in relation to curriculum choice, academic progress, and changes of Programme plan (when authorised by the Chief Adviser of Studies).
- pastoral support and signposting students to specialist services for specific issues, including personal problems.
- reference letters for applications for bursaries, scholarships, jobs, PGT study.

Student Support Officer (SSO)

The School of Engineering's SSO is a first point of contact for a whole range of enquiries to guide you through the support offered by the University. This may include financial concerns, personal problems, accessing the counselling service or disability support, preliminary help with careers – or any instances outside academic work when you are not sure where to find help. Many of these issues intersect with the role of Academic Advisers, but with one key difference: the SSOs are dedicated solely to this kind of support. They have the time to talk through any problems in detail to get a full picture of the support that will benefit you.

Help When You Need It

Our Student Services enquiry team are here to help you make the most of your time at Glasgow. We can help with the following:

- Assist with the registration and enrolment process
- Provide information, guidance and resolution on financial enquiries and provide information on financial aid options
- Provide assistance and production of academic documents (certifying letters, HEAR and references) and student ID cards
- Assist with enquiries on all elements of the student record (MyCampus)
- Guidance and information on how to access and use all Student Services resources
- Support and information to assist with welfare and pastoral issues
- Support to assist with understanding and interpreting University systems, policies and procedures.

See myglasgow/studentservices

International Student Support

Our International Student Support team can give you advice on any concerns you may have prior to arrival, including:

- Immigration
- Working regulations
- Finance

Once you arrive, the team will be on hand to offer advice and support, including access to a full orientation programme in September to ensure you settle in as smoothly as possible. See glasgow.ac.uk/international/support

Library

Open daily from 7.15am to 2.00am with online access 24/7, the UofG Library has one of the largest collections of books in Europe.

See glasgow.ac.uk/library

Wi-Fi and IT Access

We provide computer clusters across campus and wireless network access in most public areas.

- IT helpdesk in the library to help with any IT problems
- More than 500 wi-fi hotspots across campus

See glasgow.ac.uk/it/forstudents

There's a range of different study spaces in our library.

Over 50 sports clubs cater to all skill levels and abilities.

Accommodation Services offer a variety of residences and room types to choose from.

STUDENT LIFE

Be Active

At UofG Sport, we know how much staying fit and active can help your studies and university experience. Our programmes are designed for you and are flexible enough to fit around your schedule. UofG Sport membership includes access to

- Over 350 online and in-studio group exercise classes each month
- Revolve, our award-winning indoor cycling studio
- Pulse cardio suite with fully interactive equipment
- PowerPlay strength suite, a premier conditioning facility
- 25m swimming pool with six lanes
- Sauna and steam rooms
- Squash courts and sport halls
- Tennis courts, exercise studios, six grass and two synthetic football pitches and a cricket oval.

See glasgow.ac.uk/sport

Get Involved

Joining student clubs and societies is a great way to learn new skills and make friends.

The Students' Representative Council (SRC) hosts more than 250 societies – including the AI Society, the Fantasy Society, the Fashion Society, and the Chinese Students and Scholars Association, plus links to community volunteering.

See glasgowstudent.net

Choose from Two Unions

Queen Margaret Union hosts new music, local bands, big-name acts, student-run club nights and a variety of events from quizzes to open mic nights and a spoken word night. It is also home to two catering outlets.

See qmunion.org.uk

Glasgow University Union combines a stunning old building and a new, purpose-built nightclub extension. It has nine bars, two libraries, a debating chamber, snooker and pool hall, coffee shop, and a canteen (open 9am-8:30pm Monday-Friday and 4pm-8:30pm on Saturdays). See guu.co.uk

Student Societies

GU Rocketry: “GU rocketry is a place where you can develop your technical skills while making lifelong friends and flying rockets!”

FemEng: “FemEng: Empowering Women in Engineering aims to support and empower women in engineering, both in the UK and abroad. We are passionate about the contributions women make to the world of engineering and through our work, we hope everyone can feel supported in the field and in their endeavours.”

Handprints e-Nable: “Handprints is a brilliant society that lets you improve and implement your engineering skills all in the goal of helping other people.”

Engineers Without Borders: “EWB Glasgow focusses on sustainable and globally responsible engineering. We are on a mission to galvanize the engineering community to ensure it serves all people and our planet better than ever before.”

Accommodation and Living Costs

You will need to cover the cost of your travel, accommodation and living costs while at UofG. You may apply for University accommodation, subject to availability, which is an excellent way to make new friends with other University of Glasgow students and offers round-the-clock access to trained University Living Support staff.

While your living costs can depend on personal preferences and lifestyle, our International Student Support team has helpful guidance on the costs to expect in considering your decision to study in the UK.

GLASGOW WAS NAMED ONE OF THE TOP 5 BEST CITIES IN THE WORLD

(TIME OUT, 2022)

Music and Nightlife

As the UK's first UNESCO City of Music, Glasgow is a place where music is not simply confined to the four walls of venues – it's the beating heart of the city.

From intimate gigs in bars to incredible shows in arenas and city parks, Glasgow is a hotspot for live performance. If you like music, you will love Glasgow.

Eating Out

Glasgow has an ever-evolving food and drink scene, with options to suit all tastes and pockets. The Finnieston neighbourhood (next to the University) is considered the city's "foodie quarter" with a brilliant mix of cool, quality and affordable venues.

You'll find cuisine from every part of the world here – including authentic Sichuan hotpot!

VISIT GLASGOW

West End

The University's main campus is nestled within Glasgow's cultural West End, home to bohemian Byres Road and the beautiful, often-photographed Ashton Lane, both great spots to explore.

Shopping

Glasgow is a shopper's paradise and caters for all tastes and budgets, from high street brands and vintage wares to one-off speciality stores and exclusive designer gear.

Museums and Art Galleries

Glasgow has over 20 fantastic museums and galleries. Special mention to The Hunterian, which is located on campus and home to one of the largest collections outside the national museums.

Parks

With a name meaning "Dear Green Place" in Gaelic, the city has over 90 parks and gardens to explore, with many housing some of the city's top attractions.

Sports

Glasgow is synonymous with sport. It became the European Capital of Sport in 2023, becoming the first city to take the title twice. In the same year the city also hosted the UCI Cycling World Championships. See [visitglasgow.com](https://www.visitglasgow.com)

Ashton Lane, a lively cobbled lane next to the University which is packed with bars, restaurants and a cinema.

Eilean Donan Castle, Loch Duich.

DISCOVER SCOTLAND

Outdoor Activities

Scotland's land and coast were made for exploration and adventures. From world-class watersports and walking, to cycling and mountain climbing, the possibilities for getting active in Scotland's magnificent great outdoors are endless.

Beaches

You'll find some of the UK's most spectacular beaches dotted along Scotland's entire coastline. Whether you decide to take part in watersport activities or just go for a relaxing walk, keep your eyes peeled for marine life in the waters and seabirds flying overhead.

Attractions

Scotland is filled with attractions to suit every taste and budget, including iconic castles, world-class museums and galleries, fascinating heritage sites and beautiful gardens.

Film and TV Locations

Scotland has played a starring role on the big and small screen, as the filming location for top films and TV shows including *Outlaw King*, *1917*, *Skyfall*, *Harry Potter* and *The Batman*. In fact, the University itself is frequently used as a filming location and has featured in several episodes of *Outlander*. See [visitscotland.com](https://www.visitscotland.com)

Camusdarach beach, Arisaig, Scottish Highlands.

Performers, Edinburgh Fringe Festival.

Top Five Events

Hogmanay

No other nation celebrates the New Year quite like Scotland. Ring in the bells at traditional and unique events like Edinburgh's Hogmanay, Inverness's Red Hot Highland Fling, Stonehaven's Fireballs, Biggar Bonfire and The Kirkwall Ba' Game in Orkney.

TRNSMT Festival

Hosted in Glasgow, TRNSMT is Scotland's biggest music festival. Welcoming 150,000 fans across one incredible weekend, it attracts some of the biggest artists in the world.

Edinburgh Festivals

Over the summer, seven spectacular festivals take place in Scotland's capital including the world-famous Fringe, the largest arts festival in the world.

Burns Night

Scotland celebrates its National Bard, Robert Burns, every year on 25th January. Special events include the 'Burns An' A' That' festival and Scotch whisky tastings. You'll find "haggis, neeps and tatties" on the menu, and live music and poetry readings on campus

Highland Games

Experience Scottish culture and traditions at 70+ events across the country between May and September.

2+2 STUDENTS WILL BE OFFERED COMPLIMENTARY ADMISSION TO THE GLASGOW COLLEGE, UESTC ADVANCED PROJECT SKILLS SUMMER SCHOOL.*

*This is applicable to students on the 2+2 programme only and does not apply to the 3+1 programme.

HOW TO APPLY

Eligibility Requirements

To join us here at Glasgow, you will need to meet the following UofG admission criteria:

- Successful completion of years 1 and 2 (**2+2**) or years 1, 2 and 3 (**3+1**) of your BEng (Hons) EEE programme in Glasgow College UESTC, Chengdu or Glasgow Hainan College, UESTC with a GPA of 12 or better (equivalent to band C3) on the University of Glasgow 0-22 point grading scale.
- Have no outstanding resits at the end of year 2 (**2+2**) and year 3 (**3+1**)
- You must also have completed the required credits in year 1 and 2 (**2+2**) or year 1, 2 and 3 (**3+1**) at UESTC.

- The English language requirements of UofG and the UK Home Office must have been met. A pass in all year 1 and year 2 English courses, is accepted as equivalent to an IELTS score of 6.0, with no subtest below 6.0.

Tuition Fee

The fee payable to University of Glasgow, per academic year of study, is a specially discounted undergraduate international student fee. For the 2026/27 academic year, the amount payable to University of Glasgow is £23,247, a discount of £9,963 from the full international fee of £33,210.

You can also receive a scholarship to cover your 100,000 RMB Glasgow College tuition fees. This scholarship will be administered by UESTC.

Online Application for University of Glasgow Admissions

1. Scan the **QR code** here and fill in a form to show you are interested in applying for the programme.

The form can also be accessed from this link:
<https://forms.office.com/e/4WRGzPH0Zk>

Summer Schools

While in Glasgow on your 2+2 programme, you will have free admittance to our 'Advanced Project Skills Summer School' where you can catch up with fellow Glasgow College and UESTC students who will come to Glasgow for 5 weeks during the summer to study.

See: glasgow.ac.uk/uestc/apss-summer-school

You could also apply to go abroad for a summer programme, and if successful, attend after Y3 is completed in Glasgow.

More information on your options here:
myglasgow/goabroadforsummer

2. When you fill in the MS Form, your academic record will be checked to see if you meet the eligibility requirements of both UoG and UESTC. Those who qualify will receive '**Letter 1**' by email, to their UofG email address. UofG Admissions can only issue a conditional offer, to students who have this letter.
3. University of Glasgow admissions team will open the **Online Application** on February 1st, 2026, and the apply link will be advertised then. When you submit your online application, you must upload 'Letter 1' to the online application.
4. The UofG Admissions team will review your application and will send a **conditional offer** by email. Please read it carefully for next steps.
5. After the progression board in July, if you are eligible for an unconditional offer, you will receive '**Letter 2**' – which you **must upload** to your online application.
6. The UofG Admissions team will then send your **unconditional offer**. Please read it carefully for next steps.
7. When you accept your unconditional offer, the admissions team will issue your **CAS letter** for your **visa** application.
