

Second First Degree Funding

Home, RUK and EU students studying BDS as a second undergraduate degree are eligible to have their tuition fees (or proportion of) paid by the Scottish Government, up to a maximum of 1820 (GBP) per year.

There is no requirement to make an application for this, however, students must still apply for funding to cover any outstanding amount of their tuition fees.

Second first degree students are also eligible to apply for the Dental Student Support Grant (DSSG) from year 2 of their studies onwards.

Full details on applying for the DSSG can be found at
