LMIC PUBLICATION SERIES GUIDELINES

LMIC PUBLICATION SERIES GUIDELINES

1. Working Paper Series

Description	Working papers provide a more detailed discussion on a topic or issue. They can be based on preliminary results, technical papers, or literature reviews
Word count	20,000 words
Number of figures, tables, boxes, or graphs	Max. 5
Abstract	300 words
Key messages	key messages should be outlined in bullet points
References	At least 5

2. Research Report/Policy Brief Series

Description	Research reports should be based on published research or forthcoming journal articles. Policy briefs should describe the scope of the issue and present the practical implications of the research (i.e. what the research says about the problem), as well as propose concrete steps stakeholders should take.
Word count	3,200 words
Number of figures, tables, boxes, or graphs	Max. 2
Summary	Not required
Key messages	key messages from the research should be outlined in bullet points
References	Max. 10

Please Note:

All documents sent for publication must be in Windows Microsoft Word (.doc or .docx) format. Authors do not need to format their document as a specific template will be used. Please write the title of your manuscript at the top of the first page, followed by the names of all authors and their affiliation in the order they should appear. Section headings should be numbered. If you would like to include logos or images, please send them as separate files. These can be in PNG, JPEG or pdf formats. Please ensure that you proofread your document prior to submission.

Any questions please contact ana.miranda@glasgow.ac.uk
