Adjusted Entry Requirements

For 2023 Entry

**WORLD
CHANGING
GLASGOW**

Q: What do I need to apply for the degree programme I want to study?

A: You'll need academic qualifications, a personal statement and a reference - we call these our Entry Requirements. For some specific degree programmes you may also need to:

- come to an interview or audition
- sit an admissions test
- provide evidence of relevant work or voluntary experience

You must apply and complete the above by the UCAS deadline specified on page 14 and the University website's degree pages, see glasgow.ac.uk/undergraduate/degrees.

Q: What SQA Higher and Advanced Higher results do I need?

A: The Qualifications and grades you need vary by degree programme and are outlined in the following tables. Depending on your personal circumstances, you may receive an **adjusted offer of entry**.

We accept Highers and Advanced Highers in all SQA subjects and count a Higher and Advanced Higher in the same subject as two separate qualifications, e.g. Advanced Higher History at Grade B and Higher History at Grade A will be regarded as two A Grades in two Highers. However, please note that you must have a minimum of four different subjects included within your Higher/Advanced Higher qualifications.

We accept Foundation Apprenticeship qualifications as the equivalent of an A grade in one Higher subject, for all degree areas, except, Dentistry, Medicine, Veterinary Medicine and Veterinary Bioscience.

Q: Are additional requirements the same for standard and adjusted entry requirements?

A: No, these differ. Adjusted offer additional requirements are listed in this booklet. Standard offer additional requirements can be found for each degree at: <https://www.gla.ac.uk/undergraduate/2022/>

WIDENING PARTICIPATION AT THE UNIVERSITY OF GLASGOW

The University of Glasgow is committed to widening access. We believe all applicants should have an equal chance of entry and we strive to identify your full talent and potential, regardless of background or life circumstance. To enable this, we operate a system of contextualised admissions for applicants living in Scotland. This means we consider all circumstances faced by individual applicants, which may have prevented them meeting our standard entry requirements and make adjusted offers of entry accordingly.

PRE-ENTRY PROGRAMMES

Applicants made an adjusted offer will successfully complete the credit rated University of Glasgow pre-entry programme relevant to the degree area to which they are applying. Full details are included in each subject table. Programmes include:

- Top-Up Programme (completed during school year)
- Summer School (completed in June/July over 4 weeks)
- Reach (Access to Dentistry, Law, Medicine, Veterinary Medicine) (completed during school year)
- Access to a Career (Accountancy & Finance, Education, Engineering) (completed during school year)
- University Experience Week and Sutton Trust Summer School (completed in June/July/August)

Successful completion of a programme may lead to an adjusted offer of entry.

Our research shows that students who successfully complete one of these programmes perform at a higher standard than comparable students at the University.

We may also accept successful completion of a comparable pre-entry programme at another university instead of a University of Glasgow programme.

WIDENING PARTICIPATION APPLICANTS

Applicants who are **GUARANTEED** an adjusted offer are those who can meet the adjusted entry requirements in S5 or S6 and:

- Live in a SIMD decile 1-2 (MD20)
- Are care-experienced
- Are estranged from family and living without family support
- Are seeking asylum in the UK
- Have refugee status
- Are a carer (provide unpaid care)

Applicants in SIMD deciles 3-4 (MD40) are **PRIORITISED** for an adjusted offer. This means MD40 applicants are considered separately from our standard offer applicants and offers are made to as many as possible based on our funded places. .

Use of Summer School subject results in lieu of SQA Higher Grade results for applicants for 2023 entry

The University of Glasgow will accept subjects successfully passed in the Summer School in lieu of Higher SQA subjects. This means, for example, an adjusted offer of BBBB will be accepted as either of the following combinations:

- four Higher Grades
- two Higher Grades and two Summer School subjects
- three Higher grades and one Summer School subject.

*Due to high demand, it may not be possible to do this for MD40 applicants to Computing Science, Social Sciences, Life Sciences, Law or Accounting & Finance

To check if you live in a MD20/40 postcode visit: glasgow.ac.uk/prioritypostcodes

Q: Do we accept HNCs and HNDs?

A: Higher National Certificates (HNCs) and Higher National Diplomas (HNDs) may allow you to enter either the first or second year of a degree at Glasgow, dependent upon the HNC/HND programme and the degree programme you want to study at the University. You will need to achieve the stated entry requirements to be considered for an offer, which may include an SQA Higher. Details can be found in the Higher National Qualifications: College and Adult Returners page of glasgow.ac.uk/accessglasgow.

The University also runs bespoke HNC courses for some subjects, in partnership with several colleges in Glasgow and the surrounding area, which guarantee entry into year 2 if successfully completed. For more details see: glasgow.ac.uk/hncarticulation.

If you have any queries, please email: widening-access@glasgow.ac.uk

Q: When do I apply?

A: UCAS closing dates for 2023 entry are:

- 15 October 2022: application deadline if applying to Dentistry, Medicine, Veterinary Medicine or applying to Oxford or Cambridge.
- 25 January 2023: application deadline for all other degree programmes for UK students.

Q: How soon will I receive a decision?

A: We respond to all applications as soon as possible. For UK students we will normally respond by no later than 31 March 2023. If we can make you an offer, you will receive either an unconditional or conditional offer. If you already meet all of our entry requirements you may receive an unconditional offer. If you haven't gained the necessary entry requirements at the point of application, we may look at the qualifications you are taking and consider making a conditional offer.

Q: Is deferred entry possible?

A: Dentistry and Veterinary Medicine are unable to consider deferred entry. In other cases it may be possible but it is not granted automatically. Please contact our Admissions Team for more information.
