

# Alan Turing Network for AI in Geotechnics

Mazumdar-Shaw Advanced Research Centre (R237)  
University of Glasgow  
18 – 19 May 2023

Contact: Dr Zhiwei Gao  
Email: zhiwei.gao@glasgow.ac.uk

**About the workshop:** The aim of this workshop is to showcase and promote research on data science, machine learning and artificial intelligence in geotechnical engineering in the UK. It will be attended by academic researchers and geotechnical engineers. There will be presentations on the current research and discussion on future collaborations. This workshop is supported by the Turing Network Funding of the Alan Turing Institute and EPSRC impact acceleration account.

## Organising committee:

Dr Andrea Diambra (University of Bristol)  
Dr Brian Sheil (University of Cambridge)  
Dr Christos Anagnostopoulos (University of Glasgow)  
Dr David Taborda (Imperial College London)

Dr Eky Febrianto (University of Glasgow)  
Prof. Mark Girolami (University of Cambridge)  
Dr Pin Zhang (University of Cambridge)  
Dr Yue Hou (Swansea University)  
Dr Zhiwei Gao (University of Glasgow)

University  
of Glasgow
