## I APPEALS BY STUDENTS

The Senate is charged by the Universities (Scotland) Acts with a duty to superintend the teaching of the University. This is understood to include examining. The Senate has authorised the establishment of Faculty Appeals Committees to hear appeals in the first instance, as specified in the Code of Procedure for Appeals to a Faculty Appeals Committee.

A student may further appeal from the decision of the relevant Faculty Appeals Committee to the Senate.

Any appeal giving all the grounds of that appeal must be dispatched in writing to the Faculty Secretary/Academic Administrator of the relevant Faculty, or to the Director of the Senate Office, as appropriate, within 10 working days of the intimation to the student of the decision against which he or she is appealing.

Students are advised to consult the Faculty Academic Administrator before lodging an appeal to the Faculty Appeals Committee and the Director of the Senate Office, before lodging an appeal to the Senate Appeals Committee.

The Code of Procedure for Appeals to a Faculty Appeals Committee and the Code of Procedure for Appeals to the Senate are set out in that section of the University Calendar entitled 'University Fees and General Information for Students', which is available online at [www.glasgow.ac.uk/senate/calendar](http://www.glasgow.ac.uk/senate/calendar). Copies are also available for students to consult in the Faculty Office, the Dental School Office or The Registry enquiry office in the University.

The address of the Faculty Academic Administrator is The Wolfson Medical School Building, University Avenue, Glasgow G12 8QQ.

## II UNDERGRADUATE ENTRY

Before applying for admission to the Faculty of Medicine, all applicants should consult the most recent edition of the University's *Undergraduate Prospectus*. The *Prospectus* sets out the normal qualifications required for admission, describes the application procedure, summarises the degree regulations and courses offered, and gives general information about the University. It is available in most U.K. schools, online at [www.glasgow.ac.uk/undergraduate/prospectus](http://www.glasgow.ac.uk/undergraduate/prospectus) or it may be obtained from The Student Recruitment and Admissions Service, University of Glasgow, Glasgow G12 8QQ.

Information regarding the Higher Degree of Doctor of Dental Surgery (DDS) is given in the 'Graduate Studies' section of the University *Calendar*.

## III UNDERGRADUATE DEGREES IN THE FACULTY OF MEDICINE: DENTAL SCHOOL

**Resolution 582** The provisions of this Resolution, which at the time of going to print are in draft form, are as follows:

1. All undergraduate degrees of the University of Glasgow except those listed in §20 of the section entitled 'Regulations' below may be governed by common regulations (the Generic Undergraduate Regulations) and by supplementary regulations specific to each degree.
2. The Senate may make such Generic Undergraduate Regulations, which are subject to the approval of the University Court – these are stated in §1 - §19 of the section entitled 'Regulations' below.

### REGULATIONS

#### 1. Introductory and Definitions

These regulations must be read together with each degree's supplementary regulations and each degree programme's programme specification. The definitions set out in the Glossary of Terms ([www.glasgow.ac.uk/senate/academic/policies/03-07-E240304.html](http://www.glasgow.ac.uk/senate/academic/policies/03-07-E240304.html)) apply to these regulations.

#### 2. Scope of Regulations

These regulations apply to all undergraduate degrees offered by the University of Glasgow other than those listed in §20.

#### 3. Duration of Study

A candidate for a degree shall, subject to §4, normally attend the University of Glasgow either full-time or part-time for at least the number of academic sessions indicated as a minimum in the table below. The candidate must normally complete his or her studies for the award of a degree within the number of sessions indicated as a maximum in the degree's supplementary regulations.

Type of degree	Minimum duration of study (academic sessions)	
	Full-time	Part-time
Ordinary/designated degree <sup>1</sup>	3	4
Honours degree	4	5
MA Honours language degree	5	7
Integrated Masters degree <sup>2</sup>	5	6
BVMS, MBChB, BDS	5	N/A

#### 4. Recognition of Prior Learning

- 4.1 Credit may be awarded towards the completion of a degree programme for courses or examinations satisfactorily completed while following another programme at the University of Glasgow or at another institution or, where indicated in the degree's supplementary regulations, for other examinations satisfactorily completed. Such credit may permit a candidate entry to the second or subsequent year of the degree programme. The maximum limit for the award of such credit is, other than in exceptional circumstances and with the approval of the Clerk of Senate, 50% of the credits associated with the degree programme.
- 4.2 Although appropriate prior learning may be recognised for the award of credit, all such credit is ungraded for the purposes of the University except that credit obtained in earlier study at the University of Glasgow may be graded.
- 4.3 Graded credit may be awarded for study undertaken at an institution other than the University of Glasgow where this is done while registered for a degree programme at the University of Glasgow.

#### 5. Recognition of Prior Experiential Learning

Where indicated in the degree's supplementary regulations, a candidate may be awarded credit for prior experiential learning. The procedure for approval of such credit is set out in the policy which can be found at: [www.glasgow.ac.uk/senate/academic/policies/aplguidelines.html](http://www.glasgow.ac.uk/senate/academic/policies/aplguidelines.html).

#### 6. Composition of Degree Programmes

- 6.1 Each degree programme shall be composed of courses, each of which is characterised by the academic level at which it is set and the number of credits which it conveys. The course level will be expressed as 1, 2, 3, H or M, these corresponding to levels 7 to 11 in the Scottish Credit and Qualifications Framework. Each course shall convey either 10, 15, 20, 30, 40, or 60 credits, or exceptionally a different number of credits where approved by the Faculty.
- 6.2 In each academic session a full-time candidate will normally take courses conveying a total of 120 credits.
- 6.3 The structure of a degree programme, including the compulsory and optional courses of which it is composed, is shown in the degree's supplementary regulations and the programme specification.

#### 7. Pre-requisites, Co-requisites and Excluded Combinations

- 7.1 Each course may have pre-requisite and/or co-requisite course(s). To be admitted to a course:
- The candidate must normally have attained a grade D or better in each pre-requisite course. If the course follows a pre-requisite course in the same academic session, however, it shall be sufficient for the candidate to have attended the pre-requisite course.
  - The candidate must either have attended, or be concurrently attending, each co-requisite course.
- 7.2 Where a candidate's curriculum includes courses which form an excluded combination, credits from only one of these courses may be counted towards the requirements for award of a degree or other qualification.

#### 8. Approval of Curriculum

The curriculum of each candidate must be approved at the start of each session by the candidate's Adviser of Studies. Once approved, the curriculum may not be altered except with the approval of an Adviser of Studies.<sup>3</sup>

#### 9. Assessment

Assessment and re-assessment are governed by the Code of Assessment which is contained in the Fees and General Information for Students section of the *University Calendar*.

<sup>1</sup> The minimum duration of study for the ordinary degrees of Bachelor of Technical Education and MA Religious and Philosophical Education with Secondary Teaching Qualification is four academic sessions.

<sup>2</sup> In a minority of cases the minimum duration of study for an integrated Masters degree is four academic sessions.

<sup>3</sup> Where a candidate is in the third or subsequent year of an Honours or integrated Masters programme, the approval of the Adviser extends to Honours/Masters status and not to individual courses.

**10. Progress**

- 10.1 The progress of candidates shall be reviewed annually.
- 10.2 The requirements for a full-time candidate to progress are set out in the degree's supplementary regulations.
- 10.3 For a part-time candidate, the minimum achievement required to progress will be determined for and communicated to the candidate at the start of each session by the Principal/Senior/Chief Adviser for the degree on which the candidate is enrolled. A candidate who fails to meet this progress requirement must apply for re-admission to the Principal/Senior/Chief Adviser.

**11. Administration of Progress**

- 11.1 Decisions on progress shall be taken by the Faculty Progress Committee or a sub-committee thereof. The committee shall have the power to exclude a candidate or to impose conditions regarding a candidate's future progress.
- 11.2 The Faculty shall publish to all candidates the arrangements for identifying any candidate who does not comply with progress requirements. The Faculty shall notify such candidates of the date of the meeting of the committee and the procedures to permit a candidate to make representations at or prior to the committee meeting.
- 11.3 Appeal against decisions of the Faculty Progress Committee may be made following the Codes of Procedure set out in the Fees and General Information for Students section of the *University Calendar*.

**12. Award of a Certificate in Higher Education**

- 12.1 A candidate who has completed courses totalling at least 120 credits with a grade point average of at least 8.5 shall be eligible to receive a Certificate of Higher Education, unless the candidate proceeds immediately to a diploma or degree programme. This does not preclude the use in subsequent completion of a degree programme of credit counted towards the award of a Certificate of Higher Education.
- 12.2 The Certificate of Higher Education shall be awarded with Merit where the grade point average is at least 12, and with Distinction where the grade point average is at least 14.
- 12.3 Where the candidate has accumulated more than 120 credits, the credit counted in the calculation of the grade point average shall be reduced to 120 credits by discarding all or part of the credit for certain of the courses in such a way as to maximise the grade point average while meeting all other requirements of the regulations.

**13. Award of a Diploma of Higher Education**

- 13.1 A candidate who has completed courses totalling at least 240 credits, of which at least 80 credits are for courses at level 2 or above, with a grade point average of at least 8.5, shall be eligible to receive a Diploma of Higher Education, unless the candidate proceeds immediately to a degree programme. This does not preclude the use in subsequent completion of a degree programme of credit counted towards the award of a Diploma of Higher Education.
- 13.2 The Diploma of Higher Education shall be awarded with Merit where the grade point average is at least 12, and with Distinction where the grade point average is at least 14.
- 13.3 Where the candidate has accumulated more than 240 credits, the credit counted in the calculation of the grade point average shall be reduced to 240 credits by discarding all or part of the credit for certain of the courses in such a way as to maximise the grade point average while meeting all other requirements of the regulations.

- 14.3 Where the candidate has accumulated more than 360 credits, the credit counted in the calculation of the grade point average shall be reduced to 360 credits by discarding all or part of the credit for certain of the courses in such a way as to maximise the grade point average while meeting all other requirements of the regulations.
- 14.4 The ordinary/designated degree may be awarded to candidates on Honours programmes who fail to meet the requirements of the Honours degree, including any progress requirements, provided that the requirements of (a) above are met. The supplementary regulations for a degree programme shall specify any provision for candidates who have been assessed at level H to be reassessed at level 3.

**15. Entry to an Honours or Integrated Masters Degree Programme**

- 15.1 In order to obtain entry to an Honours or integrated Masters degree programme, a candidate must normally:

- (a) meet the requirements set out in the degree's supplementary regulations; and

15.2 The Faculty and Department will provide all candidates with written information on the specific level of performance required to obtain entry to each Honours and integrated Masters degree programme in the Department. This information will be made available to candidates at the start of the session preceding that in which Honours study normally commences.

15.3 Admission to an Honours or integrated Masters degree programme does not guarantee admission to a particular course. A candidate must apply for admission to a particular course in accordance with the instructions issued by the Department. Admission to a particular course cannot be guaranteed even for a candidate who satisfies the minimum admission requirements. Where there are more applicants for a particular course than there are places available, selection of candidates will be based on criteria published in course documentation and/or department web pages.

15.4 Additional regulations relating to Honours or integrated Masters degree programmes shall be included in the degree's supplementary regulations.
