I UNDERGRADUATE ENTRY

Before applying for admission to the Faculty of Arts, all applicants should consult the most recent edition of the University's *Undergraduate Prospectus*. The *Prospectus* sets out the normal qualifications required for admission, describes the application procedure, summarises the degree regulations and courses offered, and gives general information about the University.

The *Prospectus* is available in most UK schools, online at www.glasgow.ac.uk/undergraduate/prospectus or it may be obtained from The Registry, University of Glasgow, Glasgow, Scotland G12 8QQ.

II APPEALS BY STUDENTS

The Senate is charged by the Universities (Scotland) Acts with a duty to superintend the teaching of the University. This is understood to include examining. The Senate has authorised the establishment of Faculty Appeals Committees to hear appeals in the first instance, as specified in the Code of Procedure for Appeals to a Faculty Appeals Committee.

A student may further appeal from the decision of the Faculty Appeals Committee to the Senate.

Any appeal giving all the grounds of that appeal must be despatched in writing to the Faculty Secretary, or to the Director of the Senate Office, as appropriate, within 10 working days of the intimation to the student of the decision against which he or she is appealing.

Students are advised to consult the Faculty Secretary before lodging an appeal to the Faculty Appeals Committee and the Director of the Senate Office, before lodging an appeal to the Senate Appeals Committee.

The Code of Procedure for Appeals to a Faculty Appeals Committee and the Code of Procedure for Appeals to the Senate are set out in that section of the University *Calendar* entitled 'University Fees and General Information for Students', which is available online at www.glasgow.ac.uk/senate/calendar. Copies are also available for students to consult in the Faculty Office.

III UNDERGRADUATE DEGREES IN THE FACULTY OF ARTS

Resolution 582 The provisions of this Resolution, which at the time of going to print are in draft form, are as follows:

1. All undergraduate degrees of the University of Glasgow except those listed in §20 of the section entitled 'Regulations' below may be governed by common regulations (the Generic Undergraduate Regulations) and by supplementary regulations specific to each degree.
2. The Senate may make such Generic Undergraduate Regulations, which are subject to the approval of the University Court – these are stated in §1 - §19 of the section entitled 'Regulations' below.

REGULATIONS

1. Introductory and Definitions

These regulations must be read together with each degree's supplementary regulations and each degree programme's programme specification. The definitions set out in the Glossary of Terms (www.glasgow.ac.uk/senate/academic/policies/03-07-E240304.html) apply to these regulations.

2. Scope of Regulations

These regulations apply to all undergraduate degrees offered by the University of Glasgow other than those listed in §20.

3. Duration of Study

A candidate for a degree shall, subject to §4, normally attend the University of Glasgow either full-time or part-time for at least the number of academic sessions indicated as a minimum in the table below. The candidate must normally complete his or her studies for the award of a degree within the number of sessions indicated as a maximum in the degree's supplementary regulations.

Type of degree	Minimum duration of study (academic sessions)	
	Full-time	Part-time
Ordinary/designated degree ¹	3	4
Honours degree	4	5
MA Honours language degree	5	7
Integrated Masters degree ²	5	6
BVMS, MBChB, BDS	5	N/A

4. Recognition of Prior Learning

- 4.1 Credit may be awarded towards the completion of a degree programme for courses or examinations satisfactorily completed while following another programme at the University of Glasgow or at another institution or, where indicated in the degree's supplementary regulations, for other examinations satisfactorily completed. Such credit may permit a candidate entry to the second or subsequent year of the degree programme. The maximum limit for the award of such credit is, other than in exceptional circumstances and with the approval of the Clerk of Senate, 50% of the credits associated with the degree programme.
- 4.2 Although appropriate prior learning may be recognised for the award of credit, all such credit is ungraded for the purposes of the University except that credit obtained in earlier study at the University of Glasgow may be graded.
- 4.3 Graded credit may be awarded for study undertaken at an institution other than the University of Glasgow where this is done while registered for a degree programme at the University of Glasgow.

5. Recognition of Prior Experiential Learning

Where indicated in the degree's supplementary regulations, a candidate may be awarded credit for prior experiential learning. The procedure for approval of such credit is set out in the policy which can be found at: www.glasgow.ac.uk/senate/academic/policies/aplguidelines.html.

6. Composition of Degree Programmes

- 6.1 Each degree programme shall be composed of courses, each of which is characterised by the academic level at which it is set and the number of credits which it conveys. The course level will be expressed as 1, 2, 3, H or M, these corresponding to levels 7 to 11 in the Scottish Credit and Qualifications Framework. Each course shall convey either 10, 15, 20, 30, 40, or 60 credits, or exceptionally a different number of credits where approved by the Faculty.
- 6.2 In each academic session a full-time candidate will normally take courses conveying a total of 120 credits.
- 6.3 The structure of a degree programme, including the compulsory and optional courses of which it is composed, is shown in the degree's supplementary regulations and the programme specification.

7. Pre-requisites, Co-requisites and Excluded Combinations

- 7.1 Each course may have pre-requisite and/or co-requisite course(s). To be admitted to a course:
- The candidate must normally have attained a grade D or better in each pre-requisite course. If the course follows a pre-requisite course in the same academic session, however, it shall be sufficient for the candidate to have attended the pre-requisite course.
 - The candidate must either have attended, or be concurrently attending, each co-requisite course.
- 7.2 Where a candidate's curriculum includes courses which form an excluded combination, credits from only one of these courses may be counted towards the requirements for award of a degree or other qualification.

8. Approval of Curriculum

The curriculum of each candidate must be approved at the start of each session by the candidate's Adviser of Studies. Once approved, the curriculum may not be altered except with the approval of an Adviser of Studies.³

¹ The minimum duration of study for the ordinary degrees of Bachelor of Technical Education and MA Religious and Philosophical Education with Secondary Teaching Qualification is four academic sessions.

² In a minority of cases the minimum duration of study for an integrated Masters degree is four academic sessions.

³ Where a candidate is in the third or subsequent year of an Honours or integrated Masters programme, the approval of the Adviser extends to Honours/Masters status and not to individual courses.

9. Assessment

Assessment and re-assessment are governed by the Code of Assessment which is contained in the Fees and General Information for Students section of the *University Calendar*.

10. Progress

10.1 The progress of candidates shall be reviewed annually.

10.2 The requirements for a full-time candidate to progress are set out in the degree's supplementary regulations.

10.3 For a part-time candidate, the minimum achievement required to progress will be determined for and communicated to the candidate at the start of each session by the Principal/Senior/Chief Adviser for the degree on which the candidate is enrolled. A candidate who fails to meet this progress requirement must apply for re-admission to the Principal/Senior/Chief Adviser.

11. Administration of Progress

11.1 Decisions on progress shall be taken by the Faculty Progress Committee or a sub-committee thereof. The committee shall have the power to exclude a candidate or to impose conditions regarding a candidate's future progress.

11.2 The Faculty shall publish to all candidates the arrangements for identifying any candidate who does not comply with progress requirements. The Faculty shall notify such candidates of the date of the meeting of the committee and the procedures to permit a candidate to make representations at or prior to the committee meeting.

11.3 Appeal against decisions of the Faculty Progress Committee may be made following the Codes of Procedure set out in the Fees and General Information for Students section of the *University Calendar*.

12. Award of a Certificate in Higher Education

12.1 A candidate who has completed courses totalling at least 120 credits with a grade point average of at least 8.5 shall be eligible to receive a Certificate of Higher Education, unless the candidate proceeds immediately to a diploma or degree programme. This does not preclude the use in subsequent completion of a degree programme of credit counted towards the award of a Certificate of Higher Education.

12.2 The Certificate of Higher Education shall be awarded with Merit where the grade point average is at least 12, and with Distinction where the grade point average is at least 14.

12.3 Where the candidate has accumulated more than 120 credits, the credit counted in the calculation of the grade point average shall be reduced to 120 credits by discarding all or part of the credit for certain of the courses in such a way as to maximise the grade point average while meeting all other requirements of the regulations.

13. Award of a Diploma of Higher Education

13.1 A candidate who has completed courses totalling at least 240 credits, of which at least 80 credits are for courses at level 2 or above, with a grade point average of at least 8.5, shall be eligible to receive a Diploma of Higher Education, unless the candidate proceeds immediately to a degree programme. This does not preclude the use in subsequent completion of a degree programme of credit counted towards the award of a Diploma of Higher Education.

13.2 The Diploma of Higher Education shall be awarded with Merit where the grade point average is at least 12, and with Distinction where the grade point average is at least 14.

13.3 Where the candidate has accumulated more than 240 credits, the credit counted in the calculation of the grade point average shall be reduced to 240 credits by discarding all or part of the credit for certain of the courses in such a way as to maximise the grade point average while meeting all other requirements of the regulations.

14. Award of an Ordinary/Designated Degree

14.1 Subject to further requirements contained in the degree's supplementary regulations, the candidate, to be eligible for the award of an ordinary/designated degree, must have obtained at least 360 credits and achieved an overall grade point average of 10. Within these 360 credits:

a) at least 120 must be at level 2 or higher, **and**

b) at least 280 must be at grade D or better including at least 60 at level 3 or higher.

14.2 Subject to further requirements contained in the degree's supplementary regulations, the ordinary/designated degree shall be awarded with Merit where the grade point average is at least 12, and with Distinction where the grade point average is at least 14.

14.3 Where the candidate has accumulated more than 360 credits, the credit counted in the calculation of the grade point average shall be reduced to 360 credits by discarding all or part of the credit for certain of the courses in such a way as to maximise the grade point average while meeting all other requirements of the regulations.

14.4 The ordinary/designated degree may be awarded to candidates on Honours programmes who fail to meet the requirements of the Honours degree, including any progress requirements, provided that the requirements of (a) above are met. The supplementary regulations for a degree programme shall specify any provision for candidates who have been assessed at level H to be reassessed at level 3.

15. Entry to an Honours or Integrated Masters Degree Programme

15.1 In order to obtain entry to an Honours or integrated Masters degree programme, a candidate must normally:

- (a) meet the requirements set out in the degree's supplementary regulations; and
- (b) meet any additional requirements set by the Department or Departments in which the candidate is applying for entry to the Honours or integrated Masters programme.

15.2 The Faculty and Department will provide all candidates with written information on the specific level of performance required to obtain entry to each Honours and integrated Masters degree programme in the Department. This information will be made available to candidates at the start of the session preceding that in which Honours study normally commences.

15.3 Admission to an Honours or integrated Masters degree programme does not guarantee admission to a particular course. A candidate must apply for admission to a particular course in accordance with the instructions issued by the Department. Admission to a particular course cannot be guaranteed even for a candidate who satisfies the minimum admission requirements. Where there are more applicants for a particular course than there are places available, selection of candidates will be based on criteria published in course documentation and/or department web pages.

15.4 Additional regulations relating to Honours or integrated Masters degree programmes shall be included in the degree's supplementary regulations.

16. Award of an Honours Degree

16.1 To be eligible for the award of an Honours degree, the candidate must have obtained at least 480 credits, including at least 120 at level H, completed a piece of independent work worth at least 20 credits, and complied with the other requirements set out in the degree's supplementary regulations.

16.2 A scheme of assessment may permit a candidate for Honours in a single subject to be assessed in not more than 25% of the total assessment for Honours from the scheme of assessment in one other subject.

17. Award of an Integrated Masters Degree

To be eligible for the award of an integrated Masters degree, the candidate must have obtained at least 600 credits, including at least 120 credits at level M, completed a piece of independent work worth at least 20 credits, and complied with the other requirements set out in the degree's supplementary regulations.

18. Award of an MBChB, BVMS or BDS Degree

Eligibility for the award of an MBChB, BVMS or BDS degree is defined in the degree's supplementary regulations.

19. Award of Certificates for Graduates Studying at Undergraduate Level

A graduate of the University of Glasgow, or of another institution of tertiary education recognised for this purpose by the Senate, may be permitted by a Department in consultation with the Clerk of the Faculty to enrol in a course, complete the assessment elements of the course, and receive certification of the outcome of the assessment.

RESOLUTION

The Degree of Master of Arts is governed by Resolutions of the University Court. The provisions of Resolution No. 582 supporting the Generic Undergraduate Regulations are set out above; the provisions of Resolution No. 583, which at the time of going to print is in draft form, are as follows:

1. The Degree of Master of Arts (MA) may be awarded by the University of Glasgow in the Faculty of Arts (the Faculty) as a Degree in such designations as may be prescribed by Regulations.
2. The award of the Degree shall be governed by the Generic Undergraduate Regulations which are governed by Resolution No. 582 of the University Court.
3. The Senate may make supplementary regulations governing the award of the Degree which are subject to the approval of the University Court - these shall be as stated under 'Regulations' below.
4. The Degree may be awarded either as a Degree of Master of Arts (General Humanities), or as a General Degree, or as a Degree with Honours in such single subjects or pairs of subjects as may be prescribed by Regulation. The early exit awards of Diploma of Higher Education and Certificate of Higher Education are also included in the Regulations.

REGULATIONS

1. Recognition of Prior Learning

- 1.1 Certain non-university examinations may permit entry with advanced standing as follows: a candidate who, at first presentation, has gained grade A in three different A-levels, and who intends to proceed to an MA Honours degree, may enter the second year of study if the three A-levels correspond to subjects available in the Faculty of Arts and if the candidate is permitted by Heads of Department to enter appropriate level 2 courses in at least two of them. These provisions may also obtain for a candidate holding overseas qualifications, provided that the Faculty deems it appropriate.
- 1.2 A graduate of this University holding an MA ordinary degree or a designated MA General Humanities degree may, if he or she has fulfilled the requirements for admission to Junior Honours in a subject or subjects recognised for the study of the degree of Master of Arts with Honours, and at the discretion of the Head(s) of the Department(s) concerned, be admitted to Junior Honours in that subject or those subjects. Thereafter, if the graduate is awarded Honours, he or she shall receive a certificate to that effect.
- 1.3 A graduate with another degree of the University of Glasgow or with a degree of another University or institution of tertiary education recognised for this purpose may with the approval of the Faculty be admitted to the curriculum for Honours in a subject or subjects and may be exempted from not more than two years thereof, provided always that he or she shall have studied the Honours subject or subjects for at least three years, of which the Junior and Senior Honours years must be in this University, and that the Faculty is satisfied that the content of the course or courses and standard of the graduate's assessed performance in the subject or subjects in the other University or institution are equivalent to that of a corresponding course or corresponding courses and to the assessment standard in this University.
- 1.4 Generic Undergraduate Regulation §4.1 applies, except that a graduate of this University, or of another University or institution of tertiary education recognised for this purpose, who is admitted to the Faculty of Arts to complete an MA General Humanities degree may be permitted to count towards a minimum graduating curriculum courses which have formed part of the curriculum for his or her previous degree and which are deemed by the Faculty of Arts to equate to a maximum of 120 credits.

2. Maximum Period of Study

- 2.1 A full-time candidate for the MA. degree with Honours shall normally complete courses of study in the single subject or pair of subjects over no more than six academic sessions (or seven, if there is a requirement for a year abroad) and shall include study at the Honours level in a Junior Honours year and a Senior Honours year.
- 2.2 A part-time candidate for the MA degree with Honours shall complete courses of study in the single subject or pair of subjects extending over at least five academic sessions normally including at least three sessions and no more than five sessions of study at the Honours standard. The overall maximum period of study for a part-time candidate for the MA degree with Honours shall normally be eleven academic sessions (or twelve if there is a requirement for a year abroad). Where both full-time and part-time study is involved, two sessions of part-time study shall be deemed equivalent to one session of full-time study.
- 2.3 There is no set maximum period of study for the MA General Humanities degrees. A candidate may continue with his or her studies provided that he or she complies with the progress regulations set out in §3.
- 2.4 The maximum period of study for the completion of the MA General Humanities degree by a part-time candidate shall normally be ten academic sessions. Where both full-time and part-time study is involved, two sessions of part-time study shall be deemed equivalent to one session of full-time study.

3. Progress

Further to Generic Undergraduate Regulations §10 and §11, the following applies:

- 3.1 The minimum requirements for progress to a succeeding year of study for a full-time candidate are as follows:
- | | |
|-----------------------|--|
| After one session: | The candidate must have obtained at least 80 credits, of which at least 60 must be at grade D or better and achieved a grade point average of at least 9. |
| After two sessions: | The candidate must have obtained at least 160 credits of which at least 120 must be at grade D or better and achieved a grade point average of at least 9. |
| After three sessions: | The candidate must be in a position to complete the requirements for the award of a designated degree in one further session of full-time study. |

3.2 Further Rules about Progress for Full-time Candidates at Non-Honours Level

- 3.2.1 Unless in any one session a full-time candidate obtains grade points from courses totalling at least 40 credits, he or she will normally be excluded from further attendance in the Faculty.
- 3.2.2 A full-time candidate who has failed to complete the minimum requirements for any one year, and who has not been excluded, shall normally be suspended from full-time attendance but shall be automatically permitted to enrol as a part-time candidate. A candidate thus suspended from full-time attendance shall thereafter be permitted to resume full-time attendance provided that he or she has fulfilled the relevant minimum requirements for progress, and provided also that the overall duration of study for the candidate's degree will not exceed four sessions of full-time study or the equivalent. For the purpose of this regulation two sessions of part-time study shall be deemed equivalent to one session of full-time study.
- 3.2.3 In exceptional circumstances and after consideration of all the relevant evidence, it shall be open to the Faculty Progress Committee to permit a candidate to re-enrol as a full-time candidate for a repeat year of study, in which case he or she shall be subject to the minimum requirements for progress of the particular year of the degree curriculum which has been repeated.

3.3 Entry to Honours

The supplementary requirements referred to in Generic Undergraduate Regulation §15.1 (a) are as follows:

- 3.3.1 Before admission to the Junior Honours year, and in addition to meeting any subject-specific requirements, a candidate for the degree with Honours must normally have completed 240 credits representing at least three subjects. At least 220 credits must have been completed at grade D or better. At least 80 credits must be at level 2 or above and must represent at least two subjects.
- 3.3.2 The Dean and Chief Adviser of Studies may, in exceptional circumstances and after consideration of all the relevant evidence, admit to Junior Honours a candidate who has not met the requirements set out in §3.3.1 above but who has completed at least 200 credits at grade D or better. In such cases the candidate must complete the missing credits, and thereby fulfil the requirements set out in §3.3.1 above, as a condition of being permitted to proceed to Senior Honours. This provision shall normally not be extended to a candidate who has completed more than two sessions of study for the degree prior to entering the Junior Honours year.

3.4 Progress within Honours

Before proceeding to the Senior Honours year, in addition to fulfilling the Honours entry requirements as set out in §3.3.1 above, a full-time candidate must complete the Junior Honours year to the satisfaction of the relevant department (in the case of a Single Honours programme) or departments (in the case of a Joint Honours

programme). A part-time Honours candidate must complete a minimum of 40 credits of assessment in each of the part-time Honours years of study to be allowed to progress, but progression may be refused, as for a full-time candidate, where performance in the preceding Honours year(s) has been unsatisfactory.

4. Recognised Qualifying Courses

- 4.1 Subject to the approval of Senate, the Faculty of Arts shall approve and recognise courses qualifying towards MA degree programmes, and courses qualifying as core courses for specifically designated General Humanities MA degrees.
- 4.2 A semester-long non-Honours 20-credit qualifying course in the Faculty of Arts shall normally consist of not fewer than thirty scheduled hours for each candidate attending, in the form of either meetings of the full class, or meetings of one or more candidates for tutorials or other instruction or both. The minimum number of scheduled hours for a 40-credit course shall normally be sixty.

4.3 Recognised qualifying courses are currently as follows:

- 4.3.1 All courses listed in the *Undergraduate Course Catalogue* which are offered by departments in the Faculty of Arts are qualifying courses. The Departments in the Faculty of Arts are: Archaeology, Celtic, Classics, English Language, English Literature, History, History of Art, Humanities Advanced Technology & Information Institute, Modern Languages & Cultures (School of), Music, Philosophy, Scottish Literature, Theatre, Film & Television Studies, Theology & Religious Studies.
- 4.3.2 Courses available in other Faculties and recognised as qualifying courses by the Faculty of Arts include courses offered by the Departments of Central & East European Studies, Computing Science, Economic & Social History, Economics, Management, Mathematics, Physics & Astronomy, Politics, Psychology, Sociology, Anthropology & Applied Social Sciences and Statistics; qualifying courses also include Fundamentals of Education, Geography, Jurisprudence, Public Policy and The Learning Society.
- 4.3.3 Additionally courses offered by Dumfries Campus and credit-bearing courses in the Department of Adult & Continuing Education may be recognised as qualifying courses in particular instances.

5. Requirements for the Award of MA (Honours), MA Designated Degrees, the Diploma of Higher Education and the Certificate of Higher Education

- 5.1 Diplomas of Higher Education and designated MA General Humanities degrees shall carry a designation reflecting the broad subject area in which a minimum number of the required credits have been gained, in accordance with stated schemes for specifically designated awards as set out below.

5.2 Degree of MA (Honours)

The degree of MA (Honours) is available in the single subjects and combinations of subjects set out in the Appendix to these regulations.

5.3 Designated MA General Humanities Degrees

- 5.3.1 Further to Generic Undergraduate Regulation §14.1, within the 360 credits required for an MA designated degree:
- At least 20 credits shall be derived from courses in Philosophy (including Consciousness & Cognition and Space, Cyberspace & the Self).
 - At least 180 credits shall be derived from the stated group of core subjects from which a particular MA degree derives its designation.
 - Overall at least three subjects shall be represented, with at least 40 credits being derived from each.
 - In the case of at least two of these three subjects there shall be, in each, courses (which may include recognised cognate subjects) carrying a total of at least 80 credits including at least 40 at level 2. Of these two subjects at least one must be drawn from the group of core subjects.
 - Of the 60 credits required from courses at level 3, at least 30 credits shall be derived from the group of core subjects. It shall be possible for a maximum of 30 credits at level 3 to be derived from an extended essay or a project undertaken in the third year of study. The project may be based in either a single discipline or, in the case of an interdisciplinary project, in two disciplines. If the extended essay or project relates to a subject which belongs to the group of core subjects for a particular designated MA degree, it may, if successfully completed, count towards the fulfillment of the core requirements of that degree.
- 5.3.2 MA designated degrees are listed below. The core subjects for each designated degree and any further specific requirement relating to it are listed in the programme specification for the relevant programme.
- MA (Ancient Studies)
 - MA (Creative and Cultural Studies)
 - MA (European Civilisation)

- MA (Historical Studies)
- MA (Linguistic Studies)
- MA (Literary Studies)
- MA (Philosophical Studies)
- MA (Scottish Studies)

5.3.3 Generic Undergraduate Regulation §14.2 shall not apply to the above degrees. Instead the award of Merit shall require a grade point average of at least 12 both overall and in the core; and the award of Distinction shall require a grade point average of at least 14 both overall and in the core.

5.4 Diploma of Higher Education

5.4.1 Further to Generic Undergraduate Regulation §13.1, where at least 160 credits have been gained at grade D or better from courses belonging to the group of core subjects for a designated MA degree, the candidate shall be eligible to receive the Diploma of Higher Education bearing the designation of that degree. Otherwise the candidate shall be awarded the Diploma of Higher Education with the designation 'General Humanities'.

5.4.2 Further to Generic Undergraduate Regulation §13.2, where the Diploma of Higher Education is being awarded with a designation corresponding to the designation of a particular MA degree, it shall be awarded with Merit where the grade point average is 12 both overall and in the courses governing the particular designation, and with Distinction where the grade point average is 14 both overall and in the courses governing the particular designation.

6. Other Information on Awards

6.1 Further to Generic Undergraduate Regulation §16.1, a candidate for a Joint Honours degree in the Faculty of Arts shall not be permitted to complete a piece of independent work as part of the Honours curriculum in both subjects of the Joint Honours degree.

6.2 An undergraduate in the Faculty of Arts transferring to a University or institution of tertiary education, may, if he or she satisfactorily completes courses in the other University or institution, be awarded credits on the basis of those courses to a maximum of 120, as deemed appropriate by the Faculty of Arts, and may be permitted to count such credits as part of the overall requirements of a minimum graduating curriculum for a designated MA General Humanities degree, provided that the Faculty is satisfied that the standard of courses and assessment in the other University or institution is equivalent to that the standard in this University.

6.3 Waiving of Prerequisites [see Generic Undergraduate Regulation §7]

6.3.1 In the case of a candidate who, at first presentation, has gained grade A at A-level in an appropriate subject, the relevant Head of Department has discretion to grant the candidate permission to enter a level 2 course, or, in the case of a candidate holding grade A or B at A-level, permission to enter a level 1 course, although the candidate has not completed the requisite preceding course(s). The holding of a grade A or B at A-level does not confer credit or shorten the duration of study for the purposes of the minimum graduating curriculum. However in the case of a candidate who, at first presentation, has gained grade A in three different A-levels or holds equivalent overseas qualifications, see §1.1 above.

6.3.2 Exceptionally, and where there is good academic reason, a Head of Department or representative, in consultation with the Chief Adviser of Studies, may admit to a course a candidate who has not fulfilled the normal prerequisites for the course if the candidate has satisfactorily completed courses at the University in another related subject or other related subjects, or if the candidate provides other evidence of suitability for admission to the course.
