

**Electroceramics for End Users XII**  
**PIEZO2023 with Ferroelectrics UK**  
November 5 – 8, 2023  
**Glasgow, UK**

## SAVE THE DATE!

### Electroceramics for End Users XII (ECEUXII) PIEZO2023 with Ferroelectrics UK

We are pleased to announce that ECEUXII will take place  
in Glasgow, UK, from 5 – 8 November 2023

#### Dates

Winter School 5<sup>th</sup> November 2023  
Conference 6<sup>th</sup> – 8<sup>th</sup> November 2023

#### Venue

Advanced Research Centre  
University of Glasgow, Scotland

#### ECEUXII General Chair

Sandy Cochran  
Glasgow University

#### PIEZO2023 Co-Chairs

Maxime Bavencoffe  
INSA CVL

Sebastiano Garroni  
University of Sassari

#### Ferroelectrics UK Co-Chair

Laura Stoica  
Thales UK

Website <https://www.gla.ac.uk/schools/engineering/research/conferences/eceuxii/>  
Email [eceuxii@glasgow.ac.uk](mailto:eceuxii@glasgow.ac.uk)

#### Conference Topics

- Piezoelectrics, pyroelectrics, ferroelectrics, relaxors, tuneable materials
- Multiferroics, electrocalorics, magnetoelectrics and photo-ferroelectrics
- Thermoelectrics and photovoltaics
- Ceramics, single crystals, thick and thin films, polymers and composites
- Lead-free materials
- Theory and modelling of piezoelectrics and ferroelectrics
- Materials processing including low-temperature sintering techniques and chemical routes avoiding toxic precursors
- Raw materials avoiding environmentally aggressive conditions
- Advanced and innovative characterization of structural, electrical, mechanical, thermal and optical properties of piezoelectrics and ferroelectrics
- Materials and devices for sensing, acoustic transduction, and medical imaging
- Materials and devices for cooling and energy conversion, harvesting and storage
- Materials and devices for actuation

We look forward to meeting you in Glasgow!
